Please mark below your investment choice(s)

The strategies listed below are in order of level of risk, from most conservative to very aggressive, with the exception of MTA Index which can be conservative (no leverage) to very aggressive (100% leverage).

Please note that each strategy requires its own separate account.

If you have an asset allocation preference, please indicate it by showing the % for each choice.

%	MarketTrend Advisors Investment Services
	<u>MTA Income Investment Service</u> A conservative income strategy that predominantly uses ETFs and aims to deliver current income with low volatility. May be in cash during down markets.
	<u>MTA Equity-Income</u> Based on the low volatility <i>FPResearch</i> Equity-Income model portfolio, this strategy applies a long/short methodology to the traditional 60/40 asset allocation.
	<u>MTA Sector Investment Service</u> A moderate, diversified sector-rotation strategy that seeks above-market returns through investments in country- and sector-specific ETFs.
	<u>MTA Alta Vista Investment Service</u> A trend-following global tactical asset allocation strategy.
	<u>MTA Index Investment Service</u> A trend-following strategy that seeks absolute returns through long and short investments in broad U.S. market index ETFs.
	<u>MTA All-Equity</u> Based on the low volatility <i>FPResearch</i> All-Equity model portfolio, this strategy applies a long/short methodology to the traditional 60/40 asset allocation.
	<u>MTA World Index Investment Service</u> A trend-following strategy that seeks absolute returns through long investments in country-specific ETFs and short investments in broad market ETFs.
	<u>MTA Turbo Trading Investment Service</u> An active trading system for aggressive investors based on the <i>TimingCube</i> Turbo Model.

Investment Objectives and Risk Profile

The following series of very basic questions attempts to provide an initial profile of your investment objectives and risk tolerance. Please feel free to add comments on additional pages where necessary to clarify your responses.

Please rank the following investment objectives from 1 = most important to 4 = least important:

- Preservation of Capital
- Income
- Moderate Growth: returns equivalent to the broader market
- Aggressive Growth: returns above the broader market

Please mark the level of risk you are willing to take in pursuit of your investment objectives:

- I am comfortable with the risk inherent in stock market investing
- I can tolerate a 10% monthly loss in pursuit of above-market gain
- I do not want the account balance to fall below its initial value.

What percent of your Net Worth are we managing?

The investment capital being considered to invest with MTA represents roughly the following portion of my total net worth (excluding my primary residence):

- less than 25%
- 25-50%
- 50-75%
- 75-100%
